Board of intermediate education
95.1
- **Kakinada institute of technology and engineering for women** 2-1 semester
Bachelor of technology in Artificial intelligence
8.5

Skills

- Programming languages:Bascis of python, HTML/CSS
- Tools & technologies:Google colab
- Soft skills:communication and Team work

Projects

- **SUMMER JUICY 🍹**
Summer Juicy is a vibrant and colorful website showcasing fresh juices and healthy fruits. It features an attractive layout with juice menus, fruit benefits, and a simple "Buy Now" option. Designed using HTML and CSS, it's fully responsive and user-friendly. The site also includes social media links and promotes healthy summer living.
- **MY🤖 CHATBOT**
This AI Chatbot is a web-based application designed using HTML, CSS, and JavaScript. It interacts with users in real-time by connecting to the OpenAI API through JavaScript fetch. The interface is clean, responsive, and easy to use across all devices. It's perfect for beginners to explore chatbot development using only front-end technologies.

Achievements & Awards

- I Actively participated in Hackathons organized for my college

Languages

- Telugu
- English

INTERNSHIPS

- AICTE_EDUSKILLS-JAVA FULL STACK DEVELOPMENT INTERN
Worked on HTML,CSS,javascript,SQL to build and of a web application java using technologies
