## PROJECTS

**Portfolio:** Developed a responsive portfolio website using HTML, CSS, and JavaScript. Showcased projects, skills, education, and contact details. Created a modern and interactive UI for a professional web presence.. ([Project Link](#))

**Codemaster:** Developed a web-based online code compiler using Python(Flask), HTML, CSS, and JavaScript. Implemented an interactive coding environment with Monaco Editor for writing and editing code. Added multi-language code execution and integrated API-based features for coding assistance. Designed a responsive and user-friendly interface for an improved coding experience. ([Project Link](#))

**Chatbot:** Developed an interactive AI chatbot web application using Python, HTML, CSS, and JavaScript. Integrated an AI API to provide real-time conversational responses and coding assistance.. ([Project Link](#))

**Music Playlist:** Built an interactive music playlist using HTML, CSS, and JavaScript. Added play, pause, next, previous, and volume controls. Designed a clean and responsive interface for a smooth user experience. ([Project Link](#))
